- Reading Technology Blogs
- Playing Online Games
- Learning New Technologies

PROFESSIONAL SUMMARY

Motivated and enthusiastic third-year B.Tech student with a strong interest in software development, web technologies, and problem-solving. Skilled in Python, Django, JavaScript, HTML, CSS, MySQL, and Git. Passionate about building practical applications and eager to contribute to innovative projects while continuously enhancing my technical and analytical skills.

TECHNICAL SKILLS

Programming Languages	: C, C++, Python, JavaScript
Web Technologies	: HTML5, CSS3, JavaScript
Framework	: Django
Database	: MySQL
Tools	: Git, VS Code
Operating System	: Windows

PROJECTS

1. Sandip University ERP Management System

- Developed an ERP system to manage student and faculty records.
- Implemented secure Google Authentication with two-step verification for enhanced account security.
- Built using Django, MySQL, HTML, CSS, and JavaScript.
- Focused on creating a user-friendly interface and efficient database management.

2. Personal Portfolio Website

- Designed and developed a responsive personal portfolio website.
- Built using HTML, CSS, Python, Django, and MySQL.
- Showcases my projects, skills, achievements, and contact information.

ACHIEVEMENTS

- Completed internship and worked on multiple project management tasks.
- Actively participated in college workshops, seminars, and technical events.

SOFT SKILLS

Problem Solving

Communication

Teamwork

Time Management

Quick Learning

Adaptability

CERTIFICATIONS

- Python Programming – Basic to Advanced
- Web Development with Django
- Database Management with MySQL
- Version Control using Git
